How districts use Elevate

Tier 1 K–12 Instruction

Over 80 K–12 classes available for hard-to-fill roles or expanded course offerings

Special Education LIVE

Certified Special Ed teacher, adapted content, and accommo-dations to meet IEPs

Small Group LIVE

Remediation, reinforcement, or accelerated learning

Summer School LIVE

Enrichment, readiness, and acceleration — plus ACT & SAT prep classes!

FAQs

How is LIVE learning different from remote learning?

Unlike remote learning, students participate in LIVE classes together, in your classrooms, on your bell schedule.

How does classroom management work without the teacher in the room?

Partner districts provide on-the-ground support via Classroom Coaches, often paraprofessionals, long-term subs, or staff members.

How do you measure student progress and outcomes?

We assess pacing, grade-level mastery, and comprehension through regular understanding checks and end-of-unit assessments.

> "I want more Elevate because **I love my teacher**. When I need help she explains it in a different way **just to help me**."
